

OLATUNJI ABIODUN EMMANUEL

FRONT-END DEVELOPER

 <https://olatunji-abiodun.vercel.app/> |  +1 9802665438 |  abiodunemmanuelolatunji@gmail.com |  North Carolina, USA

Highly skilled dedicated and detailed oriented web developer with 3 years experience in designing and implementing web applications. Adept at collaborating with cross-functional teams to drive project success. Proven ability to delivery high quality code on time and within budget.

WORK EXPERIENCE

Web Developer (Next Js)/ Foremedia Group

October 2023 - November 2024/ Nigeria , (onsite)

- Developing and maintaining responsive web application using Next Js and ensuring high perfomance and seamless user experience.
- Collaborating with UI/UX desingners to implement pixel-perfect desings and enhance overall user interaction.
- Integrating APIs to extend application functionality and improve data retrival processes.
- Working closely with with backend developers to consume Restful APIs and optimize application performance.

Key Projects:

Fatherland Global

- Developing and maintaining responsive web application using Next Js and ensuring high perfomance and seamless user experience.
- Implemented innovative design solutions to enhance user engagement and interaction.

Fameet mobile app and webapp

- Developing and maintaining responsive web application using Next Js and ensuring high perfomance and seamless user experience.

Web Developer / Federal Road Safety Corps

April 2023 - Oct 2023/ Nigeria , (remote)

- Collaborated with UI/Ux designers to transform design mock-ups into responsive and user-friendly interfaces
- Collaborated with back-end developers to establish effective communication between front-end and back-end components

Web Developer / Larva Coding Academy

JULY 2022 - APRIL 2023/ Nigeria , (Intern)

- Ensured Code Quality: Reviewed students' code for adherence to best practices in software development and web security, providing detailed feedback to enhance quality.
- Tested Code Functionality: Evaluated and tested students' web-based applications to identify bugs, optimize performance, and improve overall reliability.
- Provided Constructive Feedback: Collaborated with students to refine their code, addressing issues and offering guidance on efficient solutions and clean coding techniques.
- Mentored Aspiring Developers: Shadowed students' development processes to understand their challenges, offering insights and recommendations to strengthen their coding skills.
- Fostered Adaptability: Helped students navigate a constantly changing, deadline-driven learning environment by teaching them how to prioritize tasks and manage time effectively.
- Analyzed Project Requirements: Assisted students in interpreting user and project requirements to ensure their code aligned with overall objectives.
- Encouraged Innovation: Reviewed and provided feedback on students' proposed feature improvements, fostering creativity and practical problem-solving in application development.

Web Developer / Access Bank Plc

Nov 2019 - Feb 2022/ Nigeria , (Onsite)

- Collaborated with UI/Ux designers to transform design mock-ups into responsive and user-friendly interfaces
- Implemented design to enhance user engagement and interaction.

SKILLS

Front-end Development

- Languages: HTML, CSS, JavaScript, TypeScript.
- Frameworks/Libraries: React.js, Next.js, Tailwind CSS, Material UI, shadcn.
- Tools: Figma, Framer Motion, Chrome DevTools.

Back-end Development

- Frameworks: Express.js, Prisma
- Databases: MongoDB, Appwrite Database, Firebase Database

Version Control

\$Collaboration

- Git, GitHub

Build Tools

- Web-pack, Vite, ES-Lint, Prettier

EDUCATION

Web Development

LARVA CODING ACADEMY, 2022

Food Science And Technology
